■ DEAR CUSTOMERS!

Please read carefully the terms of warranty.

1. For the avoidance of misunderstanding, please examine thoroughly Product upon its receipt as you have a right to make claims on Product appearance and completeness only during examination and acceptance. You are entitled to ask Seller's representative for checking of Product (exterior appearance, completeness, operability) and then sign the warranty card thereby confirming the absence of claims.

If any defects are discovered, you have a right to reject the delivered Product.

No claims on exterior appearance or completeness of Product will be accepted after completion of warranty card.

2. Warranty is valid in case the warranty card is fully completed and sealed by Seller (absence of a seal is acceptable if Product is realized by individual entrepreneur conducting business without a seal).

3. Please refer to Product instruction manual for further details on warranty. In all cases warranty does not cover defects resulted from improper installation, negligent service, usage of aggressive detergents, as well as breakdown of Products and fittings due to water contamination.

4. In the event of Product fault, Customer is recommended to apply to Seller (at the point of Product purchase).
