ART

Designed to draw stares

Designed to draw stares

You get inspired by Art collection products with their harmonized oval and rectangular shapes. A wide range of ceramic products and plumbing fixtures allows for development of different design solutions in European style.

The products are functionally balanced: furniture is designed to store a fair number of bathroom necessities; mounting options are provided for multipurpose basin: surface, built-in or general mounting.

Free-standing cast iron bath being a true picture of modern luxury provides efficient and sophisticated use of bathroom space. This product looks spacious, it is resistant to deformation, shock & wear proof, and also has high immunity to noise interference due to first-class cast iron 5.5 - 7.0 in thickness.

Advanced ingenious bath faucet will definitely add charm and fascination to general design concept. Perfect gloss finish, proper and smooth operation of the cartridge, absolute accuracy of adjustment provide quality assurance and aesthetic satisfaction in use.

Such a simple technical solution as mirror led-light will modernize and lend variety to bathroom interior.

Storage system for bathroom necessities provides optimum saving of interior space. Soft and silent opening of the doors is provided due to high-quality finish hardware.
