

LAVINIA BOHO

COLLECTION ONE | 2017-2018

ONE

The bathroom will be stylish, hygienic and functional

Smart solution

This gorgeous and laconic collection makes the interior design attractive and singular. All components blend seamlessly into the uniform design concept and ideally suited for nearly all room types.

Elegance reflects in a wide range of toilet models

where every Customer will choose the desired product according to specific requirements. Classic mirror with a carved frame evokes sensation of freedom and brings homeliness, comfort and airiness to the modern interior design.

The bath is made from 6-8 mm thick moulded acryl having a number of advantages: high strength, high-thermal conductivity, shiny surface. This material evokes pleasant tactile sensations and maintains its excellent original appearance for a long time.

It is beyond any doubt that the model range of toilets and bidet will be estimated by devotees of the German quality, usefulness and functionality. All the models are manufactured in strict accordance with international standards. During production of sanitary ceramics we apply innovative manufacturing techniques and high-grade porcelain characterized by reliability, durability and ease of handling.

Standard, Rimless and Compacto design options are available for the wall-hung toilet. Absolute advantage

of the rimless system – maintaining of hygienic conditions due to the absence of hard-to-reach spots in the bowl where bacteria clump.

ACRYLIC BATH

Reliable bath surface protection from scratches is ensured by innovative method of production, and its excellent smoothness provides easy care

The bath is an integral attribute of a bathroom and ideally suited for the ultimate relaxation. Deceptively simple shape is incredibly elegant and sophisticated. The product blends seamlessly into the interior design with prevalence of soft geometrical forms.
